b. 525 King Arnold Street

Site Plan Review

Will Bryant of behalf of Fulton County Library System requested site plan approval for the construction of a 5,975-sf library at 525 King Arnold Street, Parcel Identification Number 14 0095 LL0701 and 14 0095 LL0131. The properties are zoned V, Village.

The current property is occupied by an existing 5,675-sf library. The applicant intends to demolish the existing structure and build a new 5,975-sf library on the site. The development is shown being within a 15-foot setback line on all sides. However, the building canopy is shown as encroaching on the south side setback facing the street. The applicant received a variance on March 28, 2019 to allow the canopy to overhang the front setback by 12'-2".

The site will have 42 parking spaces shared with the nearby park, with 31 exclusive to the library including 19 in a new lot and 12 in an existing lot which will be restriped.

The landscape plan includes the location and types of trees currently on the site within the planned construction area. The applicant proposes removing six trees, including one 42" landmark hardwood tree.

The building is a LEED Certified structure (Leadership in Energy Efficient Design) which means healthier, more productive places, reduced stress on the environment by encouraging energy and resource-efficient buildings, and savings from increased building value with higher lease rates and decreased utility costs. As part of the LEED Certified no irrigation system is planned. However, xeriscaping is planned to include native species drought tolerance plants that will be maintained.

Commissioner Martin expressed concerns regarding the building location and pedestrian safety. In addition, Mr. Martin stated that allowing the parking lot to remain in the front of the site would preserve trees.

Chairman Wismer asked if they City would consider on-street parallel parking along King Arnold Street to create a natural buffer.

- Public Comment – None.

MOTION ITEM: Larry Martin made a motion to reconsider the location of the building from the street. Motion died for lack of second.

MOTION ITEM: Jeanne Rast made motion; Lucy Dolan seconded to approve the site plan subject to the following conditions:

2. **Must submit calculations for impervious surface or lot coverage must be less than 70 percent.**
3. **Must meet the deficiencies outlined by the City Engineer, City Planner and Fire Marshal.**
